New Patient History

(Please print clearly and answer all questions.)

Name (please print) _____ Date _____

If a minor child, name of parents: _____

Address _____ Apt # _____

City _____ State _____ ZIP _____

Shipping Address (if different) _____

Main Phone: (_____) _____ Other Phone (_____)_____

email address: _____

Occupation _____ Employer _____

Date of Birth _____ Age _____ Sex: M F

Name of Spouse: _____ Employer _____

Who told you about our office? _____

Please list *the main problem you would like us to help you with on line number one:*
On the other lines please list any other health problems you have (up to three) *in order of importance to you.*

1. _____ 3. _____

2. _____ 4. _____

With regards to the number one problem you are seeing the doctor for, please answer all of the following questions:

When did you first notice it: _____

Is this problem: [ ] Staying the same [ ] Getting worse [ ] Improving

What do you believe caused this problem: [ ] Automobile Accident (date: _____)

[ ] Work Related Injury (date: _____)

[ ] Other injury [ ] Illness Other: _____

Did this problem: [ ] Come on suddenly without an apparent cause [ ] Develop gradually over time [ ] Begin after a specific accident [ ] Begin after an illness: What illness?_____

What treatments have you tried (*medical treatments, home remedies, etc.)*

What makes this problem worse?

How often do you experience this condition?_____

Is it constant or does it come and go? [ ] Constant [ ] Comes and goes

Have you had any laboratory testing done in the last six months? [ ] Yes [ ] No

When was the last time you felt really good? _____

I

Do Not Write In This Space

f you are currently under the care of a physician or other health care professional please give their name and date of last visit if you can:

Doctor of Chiropractic: Name:_____ Date: _____

MD / DO: Name: _____ Date: _____

Physical Therapist: Name: _____ Date: _____

Acupuncture: Name: _____Date: _____

Other:

_____

Name: _____ Date: _____

Please write a "C" if you currently have the following or a "P" if you had it in the past.

___ AIDS
___ Alcoholism
___ Allergies
___ Arteriosclerosis
___ Arthritis
___ Cancer
___ Chicken pox
___ Diabetes
___ Eczema
___ Emphysema
___ Epilepsy
___ Glaucoma
___ Goiter
___ Graves' Disease
___ Hypothyroid
___ Heart Disease

_____

Medications you are currently taking:

Medication	Reason For Use

Have you ever taken NSAIDS (*ie Advil, Aleve, Motrin, Asprin, Ibuprofen, etc.)* for 3 days or longer at a time? [ ] Yes [ ] No

Have you taken Tylenol regularly? [ ] Yes [ ] No If "yes", for how long: _____

For what reasons have you used these pain medications? _____

How much do you use NSAIDS now? Daily _____ Weekly _____ Monthly _____

Have you used acid blocking medications (*Tagamet, Zantac, Prilosec, Protonics, etc.)* regularly or for more than three months? Yes No

Have you taken antibiotics more than one time a year? [ ] Yes [ ] No

Have you taken antibiotics longer than 10 days at a time? [ ] Yes [ ] No

How many times have you taken antibiotics throughout your lifetime? _____

Have you ever used steroids (*prednisone or cortisone*) in any form, including pills, creams, etc.? [ ] Yes [ ] No

Women Only:
Are you pregnant? [ ] Yes [ ] No [ ] Maybe, but not certain. Are you nursing? _____

Any gynecologic surgeries (hysterectomy, endometriosis, ovarian or breast cysts, etc.?)_____

_____

Menstrual cycle: Do you have regular monthly periods? Yes No Perimenopause Menopause

Circle any of the following symptoms you experience associated with your period:

Cramping Bloating Moody Cravings Heavy bleeding Back pain Headaches Clots

[ ] Caesarean delivery [ ] Postpartum depression [ ] Miscarriage [ ] Abortion [ ] Baby over 8 lbs. [ ] Baby under 6 lbs.

[ ] Used birth control medications in the past. *How long?* _____

Are you currently on any type of birth control? [ ] Yes [ ] No *If yes, what type?* _____

Date of last bone density test: _____ Results: [ ] Normal [ ] Osteopenia (early bone loss) [ ] Osteoporosis

Date of last mammogram: _____ Date of last gynecological exam: _____

Sleep: Do you have any sleep problems (please circle any that apply): Trouble falling asleep Wake up off and on several times a night Wake up and can't go back to sleep Bad dreams

Any other sleep problems? _____

Exercise: What kind of exercise do you do? _____

How often: _____ How long at a time: _____

Food Allergies:_____

Medication Allergies: _____

Have you traveled outside the United States? [ ] Yes [ ] No. If yes, where: _____

_____

Did you ever become ill shortly after returning from going outside the country? [ ] Yes [ ] No

Have you been wilderness camping: [ ] Yes [ ] No: If yes, where: _____
List any household pets, farm animals or other animals you or your family members are in close contact with:

_____

<u>Your Personal Birth History</u>

[ ] Full term [ ] Premature Pregnancy Complications?: _____

[ ] Breast Fed. How long (if you know): _____ [ ] Bottle-fed

Do you know about when you were introduced to solid foods? _____

Did you eat candy, sugar, soft drinks, etc. as a child? [ ] Yes [ ] No If yes, would you estimate eating: a lot on occasion rarely

Dental History

List any dental surgeries: _____

[ ] Gold fillings [ ] Root Canals [ ] Implants [ ] Tooth extractions [ ] Bleeding Gums [ ] Gingivitis

Do you get regular dental check-ups? [ ] Yes [ ] No What tooth paste do you use: _____

Have you ever had Fluoride treatments? [ ] Yes [ ] No

Environmental Assessment

Mercury

[ ] Yes [ ] No Do you have amalgam (silver) filings in your teeth? If yes, How many? _____

[ ] Yes [ ] No Have you ever had an amalgam removed? If Yes, how many? _____

[ ] Yes [ ] No If you had amalgams removed, was it done by a biological dentist using a safe protocol?

[ ] Yes [ ] No Did your mother have amalgam fillings when pregnant with you?

[ ] Yes [ ] No Have you ever worked in a dental office? If so, how long? _____

[ ] Yes [ ] No Have you had any dental crowns? If yes, how many _____

[ ] Yes [ ] No Have you any dental bridges?

[ ] Yes [ ] No Have you had any root canals? If yes, how many _____

[ ] Yes [ ] No Have you had any tooth extractions?

[ ] Yes [ ] No Do you have any dental implants, retainers or other metal in your mouth? Ex_____

_____

[ ] Yes [ ] No Did you wear contact lenses during the 1980's or early 1990's?

[ ] Yes [ ] No Did you take oral contraceptives during the 1980's or early 1990's?

[ ] Yes [ ] No Did you receive yearly flu shots or have you recently received a flu shot, allergy shot or a vaccination?

[ ] Yes [ ] No Have you noticed any adverse reactions to these shots?

[ ] Yes [ ] No Do you have any tattoos with red ink?

[ ] Yes [ ] No Do you eat tuna, shark, swordfish or Atlantic Salmon more than twice a week?

Lead

[ ] Yes [ ] No Does your occupation involve soldering or metal salvage?

[ ] Yes [ ] No Have you done any old home repair or sandblasting? If yes, when _____

[ ] Yes [ ] No Are you exposed to paints a lot?

[ ] Yes [ ] No Was your home built before 1978?

[ ] Yes [ ] No Have you ever worn cosmetics containing kohl or that is a deep black or deep red color?

[ ] Yes [ ] No Are you around a lot of fake leather or vinyl (furniture, handbags, clothing, etc.?

[ ] Yes [ ] No Do you get stomach aches in the morning?

General Toxicity

[ ] Yes [ ] No Have you ever lived near, on or by a golf course, freeway or high tension electrical wires? If yes, please explain:

_____

_____

[ ] Yes [ ] No Have you ever worked around chemicals such as in a beauty salon, auto repair shop, factory, etc.?

[ ] Yes [ ] No Do you have your house sprayed with pesticides for pest control?

[ ] Yes [ ] No Do you spray for weeds around your home?

[ ] Yes [ ] No Do you use conventional insect repellants on yourself or family?

[ ] Yes [ ] No Do you use conventional sunscreen?

[ ] Yes [ ] No Do you use conventional perfumes, after shave, deodorants or cosmetics on a daily basis?

[ ] Yes [ ] No Do you get your hair colored?

[ ] Yes [ ] No Do you use aerosol hairspray?

[ ] Yes [ ] No Do you get your nails done? If so, how often: _____

[ ] Yes [ ] No Do you use air freshener in your home, work or car?

[ ] Yes [ ] No Do you drink tap water?

[ ] Yes [ ] No Does your spouse or other family member work around chemicals?

Mold

How old is the house you live in? _____ How long have you lived there? _____

Have you developed any health problems or symptoms since moving in? Yes No If yes, what are they?

_____

[ ] Yes [ ] No Do you see mold growing at home, at your work place or school?
[ ] Yes [ ] No Have you ever had water damage at home, work or your school?
[ ] Yes [ ] No Does your home, workplace or school have a damp or mildew smell?
[ ] Yes [ ] No If you have a basement, do your symptoms get worse when you go in to it?
[ ] Yes [ ] No Does your basement ever get wet?
[ ] Yes [ ] No Do you have a crawl space under your home?
[ ] Yes [ ] No If you spend some time away from your home or work place, do your symptoms improve?
[ ] Yes [ ] No Does anyone in your home have asthma or asthma- like symptoms?
[ ] Yes [ ] No Does anyone in your family have chronic sinus infections or irritation?

Lyme Disease

[ ] Yes [ ] No Have you ever been diagnosed with Lyme Disease?
[ ] Yes [ ] No Have you had dry sockets or infected tooth extractions?
[ ] Yes [ ] No Do you have pain in the small joints of your body (hands, feet, spine)
[ ] Yes [ ] No Have you ever been bitten by a tick or recluse spider?
[ ] Yes [ ] No Have you ever seen a bulls-eye rash on any part of your body?
[ ] Yes [ ] No Did the bulls-eye rash appear shortly after a tick or spider bite or time spent outdoors?
[ ] Yes [ ] No Was your mother ever diagnosed with Lyme Disease?
[ ] Yes [ ] No Do you frequently go camping, hunting or are you involved in outdoor activities – especially in wooded or grassy areas?

Microbiome Health

[ ] Yes [ ] No Do you pass sulfur smelling or foul smelling gas?
[ ] Yes [ ] No Do you get bloating, burping or get a noisy gut after eating carbs like grains, sugar or starchy vegetables?
[ ] Yes [ ] No Do nutritional supplements or vitamin pills bother you?
[ ] Yes [ ] No Have you been a vegetarian or vegan for any length of time?
[ ] Yes [ ] No Does eating meat cause you digestive problems?
[ ] Yes [ ] No Have you used anti-acids, proton pup inhibitors or other acid blocking medications?
[ ] Yes [ ] No Have you taken birth control or hormone replacement therapy for any length of time?
[ ] Yes [ ] No If you drink alcohol, do you get brain fog or a toxic feeling, even after 1 drink?
[ ] Yes [ ] No Have you been on antibiotics for an extended period of time or repeatedly as a child or adult?
[ ] Yes [ ] No Were you delivered by caesarian section?
[ ] Yes [ ] No Where you breast fed? If yes, how long (if you know) _____
[ ] Yes [ ] No Does your gut feel better for a while after you take antibiotics?
[ ] Yes [ ] No I have had multiple episodes of abdomial pain or discomfort in the past year.
[ ] Yes [ ] No My bowel movements are irregular (constipation and / or diarrhea
[ ] Yes [ ] No My digestive symptoms interfere with my daily life.
[ ] Yes [ ] No I frequently have a sore throat, especially in the morning

Endocrine System Assessment (Check Any Symptoms that Currently Apply to You)

Hypothyroid

___ Weight gain
___ Constipation
___ Feeling cold (especially hands and feet) even on warm days
___ Low basal temperature
___ Fatigue, exhaustion and low energy (even after 12 hours sleep)
___ Slow reflexes
___ Slow, weak pulse
___ Slowness of thought processes (brain fog)
___ Indecisiveness
___ Poor memory and concentration
___ Sluggishness
___ Muscle weakness
___ Pain and stiffness in muscles or joints
___ Deepening, hoarse voice
___ Depression, mood swings and severe PMS
___ Thick, dry, coarse skin
___ Creviced, cracking skin on heels, elbows and knee caps
___ Enlarged thyroid gland in throat area
___ Lump in throat (hard to swallow)
___ High cholesterol
___ Menstrual cycle irregularities (prolonged, shortened, heavy)
___ Infertility
___ Numbness and tingling (especially in hands and face)
___ Fluid retention (swelling of face and feet)
___ Brittle hair and nails
___ Hair loss
___ Shortness of breath on exertion
___ Allergies
___ Back pain
___ Blood pressure problems
___ Breast tenderness
___ Irregular heartbeat
___ Chest pain
___ Digestive disturbances
___ Dizziness
___ Dry eyes and mouth
___ Headaches and migraines
___ Irritability
___ Pale skin
___ Palpitations
___ Reduced sex drive

Hyperthyroid

___ Palpitations, fast pulse or irregular heartbeat
___ Trembling and twitches
___ Do not like hot weather or warm rooms
___ Hot flushes and increased sweating
___ Increased appetite
___ Weight loss (especially if eating well)
___ Diarrhea
___ Anxiety, nervousness and/or panic attacks
___ Restlessness
___ Irritability
___ Thin, moist skin
___ Soft, thinning hair
___ Shortness of breath
___ Muscle weakness
___ Insomnia
___ Loss of appetite
___ Swelling around your throat
___ Eye complaints (especially gritty feeling or bulging eyes)
___ Fatigue, exhaustion and lack of energy
___ Menstrual cycle disturbances
___ Infertility
___ Depression and mood swings
___ Bowel disorders
___ Brittle nails
___ Chest pain
___ Cramps
___ Decreased sex drive
___ Easy bruising
___ Hair loss
___ Headaches and migraines
___ Sore throat
___ Swelling of legs

Adrenal Dysfunction

[ ] Anxiety
[ ] Nervousness
[ ] Not dealing well with stress
[ ] Feel dizzy or off balance
[ ] Light headed
[ ] Impatient or irritable with others
[ ] Shaky or tremble
[ ] Racing or pounding heart
[ ] Sleep problems (can't get to sleep, wake up with a start, wake up and can't go back to sleep, etc.)
[ ] Feel nauseated when stressed
[ ] Get shaky or grumpy if you miss a meal
[ ] Crave salt or salty foods
[ ] Achy or painful joints
[ ] Feelings of doom
[ ] Panic attacks
[ ] Emotionally hypersensitive or overreact to people or situations
[ ] Have anger outbursts - lose temper easily
[ ] Inability to focus on tasks or activities
[ ] General body achiness [ ] Headaches
[ ] Feel paranoid
[ ] Very defensive with others or over react towards others or situations
[ ] Hypersensitive skin (do not like being touched)
[ ] Clumsy (drop things, bump in to things)
[ ] Hypersensitive to vitamin pills and nutritional supplements [ ] Jumpy or startle easy
[ ] Need coffee in the morning to wake up
[ ] Coffee makes you sleepy
[ ] Exercise makes you nauseated
[ ] Get lightheaded, dizzy or like you might faint when moving from kneeling or lying down to standing up
[ ] Have allergies (food, pollen, animal dander, chemicals, etc.)
[ ] Bright light is irritating, and especially at night with oncoming car lights
[ ] Digestive problems, irritable bowel symptoms
[ ] Dark circles under the eyes
[ ] Feel you can't get enough air – "air hunger"
[ ] Get motion sickness easily
[ ] Nails are weak or ridged
[ ] Chronic low blood pressure
[ ] Sweat easily
[ ] Poor digestion
[ ] Feel very fatigued
[ ] Get irritated easily
[ ] Low back pain
[ ] Muscle weakness
[ ] Feel jittery
[ ] Achy or sensitive scalp
[ ] Take a longer time to recover from being sick with a cold or flu
[ ] Feelings of confusion

Please circle any of the following that apply to your **immediate** family (father, mother, brothers, sisters, grandparents):

Cancer	Heart Disease	High Blood Pressure	Arthritis	Diabetes	Chronic Back Pain	Stroke
Thyroid problems	Hypoglycemia	Liver Disease	Colitis	Headaches	Osteoporosis	Emphysema
Asthma	Kidney disease	Digestive problems	Allergies	ADD	Mental Illness	Alcoholic
Obesity	Celiac disease	Breast Cancer	Eczema / Psoriasis		Dementia	Parkinson's

Nutrition History
How many meals do you eat out per week? _____

[ ] Fast eater	[ ] Others in my household have special dietary needs
[ ] Do not eat at regular times or skip meals.	[ ] Snack frequently
[ ] Eat too much	[ ] Do not like to eat
[ ] Late night eating	[ ] Struggle with eating issues
[ ] Dislike healthy food such as vegetables, etc.	[ ] Emotional eater *(eat when sad, lonely, depressed, bored)*
[ ] Life style interferes with eating regular meals	[ ] Don't care to cook
[ ] Eat more than 50% of meals away from home	[ ] Don't like to shop for food
[ ] Travel frequently	[ ] Confused about nutritional advise
[ ] Significant other or family members don't like healthy foods	

In order to improve your health, how willing are you to: rate on a scale of 5 (very willing) to 1 (not willing)

Take several nutritional supplements each day	5	4	3	2	1
Prepare your own meals	5	4	3	2	1
Engage in regular exercise	5	4	3	2	1
Have periodic lab tests to assess your progress	5	4	3	2	1
Get regular bodywork such as chiropractic or massage	5	4	3	2	1
Set regular appointments	5	4	3	2	1
Read books or articles to learn about your health and solutions	5	4	3	2	1
Be fully responsible for your own healing	5	4	3	2	1
How willing are you to give your treatment program enough time to complete?	5	4	3	2	1

Consent to Evaluation and Treatment

Every type of health care is associated with some risk of a potential problem or may achieve less than the desired outcome for both the Doctor and the patient. This includes chiropractic care, nutritional therapy and the general area of what is referred to as holistic or functional medicine. We want you to be informed about the potential problems associated with chiropractic care and the other therapies we use before consenting to treatment. This is called an informed consent.

AUTHORIZATION TO EXAMINE AND TREAT

I, the undersigned party, request and authorize the performance upon myself of a physical examination / evaluation. I also consent to the performance of other tests such as blood and urine tests, hair analysis and Muscle Response Testing procedures that are deemed necessary. **In giving this authorization, I understand that these tests or procedures may not actually be done. I also understand that I have the right to refuse any examination, test, or treatment procedure at any time.** These services will be performed either by Dr. Vernon S. Redd / Dr. Catherine Seat, or by other qualified health care professionals or support staff that are selected by them and that act under their direction. Should it be determined that my condition may benefit from chiropractic care, nutritional therapy or from the other types of therapies provided at his office, I consent to treatment which may include, but is not limited to, chiropractic adjustments of the spine or other joints of the body, myofascial release, micro current electrotherapy, mechanical percussive therapy, Cold Laser therapy, various rehabilitation exercises and activities, nutritional, homeopathic or herbal therapy, injection therapies, or GRT therapy. I understand that any of the above therapies, except chiropractic adjustments, injection therapies or GRT therapy, may be administered by a staff member under the direction and supervision of the doctor. I also consent to the performance of other diagnostic and therapeutic procedures, in addition to or different from those stated above, whether or not arising from presently unforeseen conditions that Dr. Redd / Dr. Seat may consider necessary or advisable in the course of my health care.

Concerning Chiropractic Therapy:

I understand that **chiropractic adjustments** may involve risks of complications, injury or even death from both known and unknown causes. The known risks are as follows:

Stroke: This is the most serious potential complication associated with spinal adjustments, regardless of whether the provider is a chiropractor, medical or osteopathic doctor or other health professional. A stroke occurs when the blood supply to the brain is interrupted and an area of the brain does not receive enough oxygen from the blood stream which results in brain damage. The results of a stroke can be temporary or permanent and can cause temporary dizziness, nausea, paralysis, vision loss, locked in syndrome (complete paralysis of voluntary muscles in all parts of the body except for those that control eye movement), and death. Stroke concerns in relation to chiropractic treatment are focused on the vertebral artery in the neck. Two thirds of vertebral artery strokes occur spontaneously. One third are caused by traumatic events. Chiropractic adjustments of the neck can potentially cause a stroke because the vertebral artery in the neck may become injured by the adjustment. However research studies have shown that strokes caused by a chiropractic adjustment are rare. The most recent studies estimate that the incidence of this type of complication occurs in 1 (one) in every 3,000,000 (three million) adjustments to the neck. When stroke has resulted from an adjustment, it has been associated with manual neck adjusting . In our office we do not use this type adjustment. In our office we use the Activator or Arthrostim adjusting instruments. To the best of our knowledge, neck adjustments given by an instrument such as an Arthrostim or Activator instrument, have never been documented to have caused a stroke. However, even though a stroke from a chiropractic adjustment of the neck is very unlikely to occur (and especially so when mechanical instruments are used), you need to be aware that it is possible.

Rib Fracture, Joint Dislocations, Sprain Injury or Muscle Soreness: A ***manual*** chiropractic adjustment may crack (fracture) a rib, create a joint dislocation or sprain injury. Fractures occur only to those patients who have weakened bones from such things as osteoporosis, prolonged steroid use, or other bone weakening diseases. Sprains can happen to anyone. Because we use instruments to perform the adjustments instead of manual adjusting, these types of injures are impossible to cause. This problem occurs so rarely that there are no statistics available to determine its probability. Sometimes a patient will experience soreness after any type of adjustment. This happens usually because muscles begin to engage better than prior to the treatment or because improvements in muscular synergy occur which make previously less functional muscles, more active. It is usually mild to moderate if it occurs at all, and usually only lasts anywhere from an hour or two up to a couple of days.

Nutritional Programs:

Before you sign this agreement, we want you to understand that our viewpoint concerning nutrition and the need for certain nutrients is not necessarily shared by the American Medical Association, the Food and Drug Administration and quite possibly other similar government agencies or professional organizations. The Nutrition & Health Center offers nutritional care for our patients. Since nutritional deficiency may or may not be associated with a specific disease, or may or may not be the cause of a disease, or may occur as a result of a disease, it is important for you to understand fully that our sole concern in your case will be your nutritional status and your ability to metabolize and utilize the nutrients that you consume, either in your diet or as nutritional supplements, that may help to improve your body's general physiological function. **Our nutritional programs are not intended to cure or treat any specific disease.**

Medicare and Our Office: If you are 65 or older, you need to be aware that we do not provide any health care services that are covered by Medicare. If you are 65 or older, and desire chiropractic care, we ask that you obtain such care from some other chiropractor where such services are provided. We are happy to provide all other non-covered services to you, but you will have to pay for them yourself.

Neural Therapy, Biopuncture, Prolotherapy and Triggerpoint Injection Therapy

Neural Therapy, Biopuncture, Prolotherapy and Trigger Point Injections are injection techniques frequently used to help patients with both chronic and acute pain as well as other health problems. Several of the above treatment methods use anesthetics (Procaine or Lidocaine) as well as homeopathic medicines, nutritional products such as vitamin B12 or dextrose, or Sarapin (a biologic drug made from the Picture plant used for neurogenic pain) which are injected into the skin, fat, ligaments, muscle or scars. These treatment methods have been used for many years by physicians all over the world and have been proven to be safe and effective in helping with pain as well as certain other health problems.

Potential Problems with Injection Treatments:
Though significant side affects are rare, potential problems and side affects (either expected or unexpected) with these injection procedures may occur and include infection, localized skin irritation, sensation of heaviness or heat in the injected area, light headedness, possible heart arrhythmia (only in very large doses of Procaine or Lidocaine) and possible allergic reactions to the substances injected. The most common side effects with any injection are bruising or minor bleeding. If you are allergic to any of these medications, reactions could potentially range from simple skin rash to death, though this would be very rare. With Procaine or Lidocain, less than 1% of all adverse reactions would be potentially dangerous, and even then, only if the doses administered, were much higher than anything we would use.
In very rare instances, an injection to the chest or back areas may go too deep and result in a puncture of the lung, causing a collapsed lung which would require hospitalization. Also, rarely, an injection may result in puncture of the spinal canal, causing a leak of spinal fluid. This would result in what are called "spinal headaches". The condition is usually self- limiting and will heal in a few days, but it may require a procedure to fix the leak called an epidural blood patch, which has to be performed by an anesthesiologist or other medical professional in the hospital.

Please Note: While we do treat patients who have a wide range of health problems, ***the treatment methods we use are not designed or intended to treat any specific disease.*** This is especially applicable to our nutritional / functional medicine programs. Our approach is holistic in that it acts to correct malfunctions and/or imbalances in the nervous system and biochemical/physiological systems of the body. When this is achieved, the body is best positioned to heal itself, regardless what type of health problem may be present. **If you have a serious health problem we recommend you also consult an appropriate medical specialist.**

Nutritional Response Testing is an evaluation technique used in our office and is a form of Applied Kinesiology as developed by Dr. George Goodhart, DC. Please understand that this system is not a method of "diagnosing" or "treating" any disease or medical condition, including AIDS, Cancer or any infection, but is an ancillary method of analysis that helps determine possible physical and nutritional needs of the body that could contribute to various health problems.

As your health improves, you may find that any prescription medications you are on may need to be adjusted. Do not change your medication without consulting your doctor first.

****

I have read, or have had read to me, the above information and consent. I have also had an opportunity to ask questions. All of my questions have been answered to my satisfaction. By signing below, I consent to treatment. I intend this consent form to cover the entire course of treatment for my current condition or future preventive or maintenance care. I acknowledge that no promise or guarantee has been made to me regarding the results or outcome of any treatment provided by Dr. Vernon S. Redd or Dr. Catherine Seat or any office staff members. I do not expect the doctor to be able to anticipate and explain all risks and potential complications. Dr. Redd / Dr. Seat has explained the nature and purpose of the procedures he will be using, the risks involved, possible alternatives, as well as no treatment, possible consequences and the possibility of complications to me, to my satisfaction. I therefore elect to undergo examination and treatment from Dr. Redd or Dr. Seat, or their staff who act under their direction. I also verify that the Patient Privacy and Consent Policies form that govern federal HIPP privacy laws has been made available to me.
